RE: Becoming a Start Smart Texas Community

Dear Start Smart Texas,

I am submitting this proposal to request that {name of city/community} becomes a Start Smart Texas community and a member of the Start Smart Texas learning community. Our coalition is devoted to developing solutions for {list indicators your community will focus on such as third-grade reading/math proficiency, school readiness, family engagement, and/or summer learning loss}.

We are a coalition of public, private, civic, philanthropic, and/or faith communities working together to improve student success. Our collaborative of committed partners includes:

- (provide organization's name)
- (provide organization's name)
- (provide organization's name)
- (provide organization's name)
- (provide organization's name)
- (add as many as needed)

As we prepare to engage in this work, we are committed to collect and assess data regarding the areas of focus. The data and information that we have obtained about our community is:

- (provide percentages and/or information and year data was collected by source)
- (provide percentages and/or information and year data was collected by source)
- (provide percentages and/or information and year data was collected by source)
- (add as many as needed, charts can also be included)

We have identified goals and steps to ensure that children are successful. Our proposed strategies include:

- (provide goal and/or action step)
- (provide action step)
- (provide action step)
- (provide action step)

Together, with a coordinated and collaborative approach, we can ensure that children reach in our community their full potential.

Sincerely,
